

SUSTAINABILITY

EUROPEAN ROWING UNDER 19 CHAMPIONSHIPS 2025
KRUSZWICA

SUSTAINABLE DEVELOPMENT GOALS

ENERGY

- Renewable sources of energy (about 11% in the voivodship)

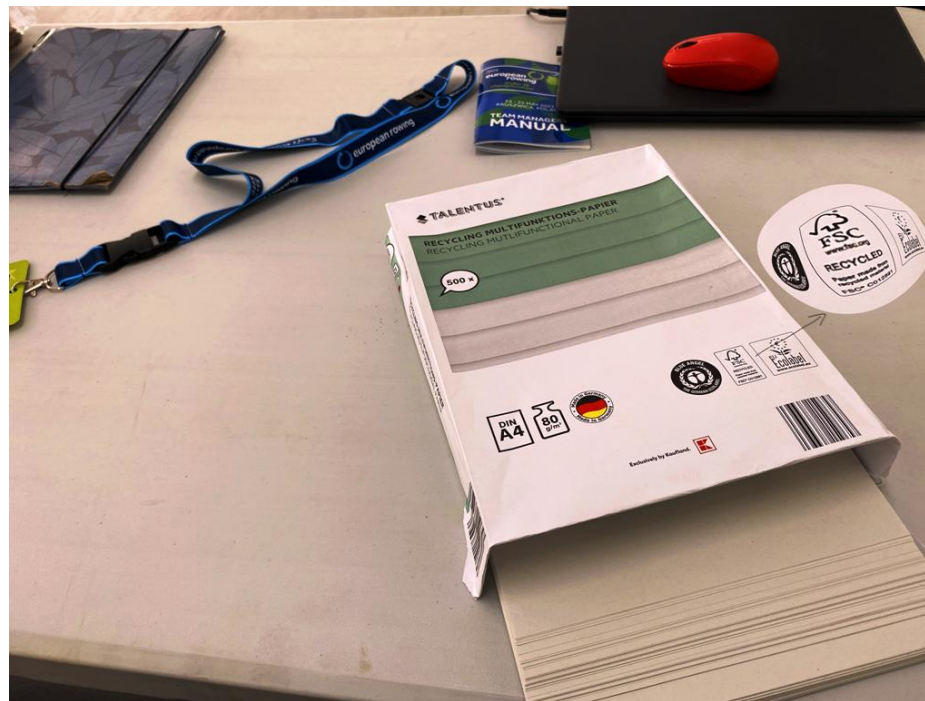

HUMAN RESOURCES

- Some of the OC work is done from home
- Approximately 50% local hires

RESOURCE MANAGEMENT

- Certified paper is used

RESOURCE MANAGEMENT

- Only bags made of recycled paper will be used

RESOURCE MANAGEMENT

- Plants in pots will be used for the decoration at the venue

RESOURCE MANAGEMENT

- Certified suppliers have priority when choosing their spot at the venue
- We encourage the purchase of PET bottled water
- Tap water at the venue is good to drink

SOCIAL RESPONSIBILITY

- We support and cooperate with local entrepreneurs
- We provide space for local businesses

TRANSPORT

- We contracted local transport company to promote local public transport

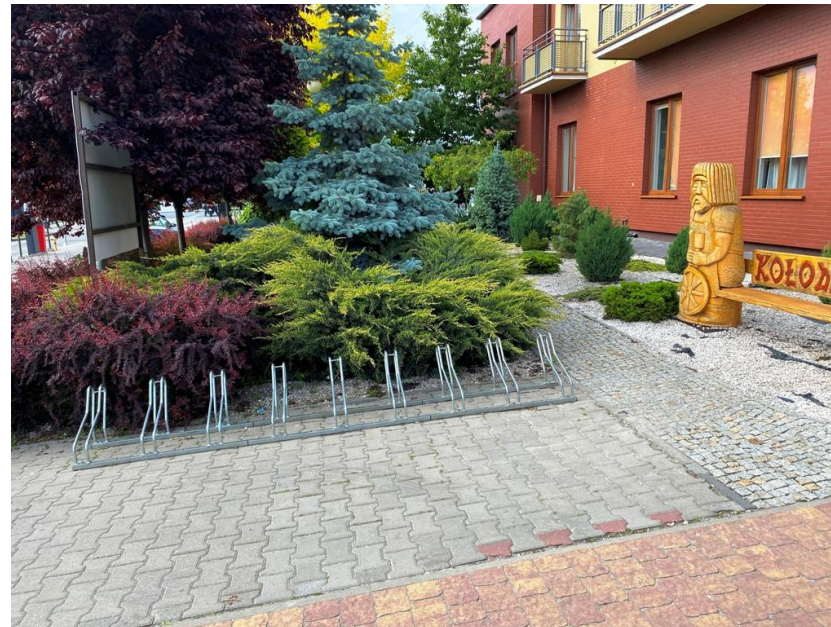

TRANSPORT

- Team vehicles and boat trailers only with a parking pass.
- Parking pass available on request at the Organising Committee office.

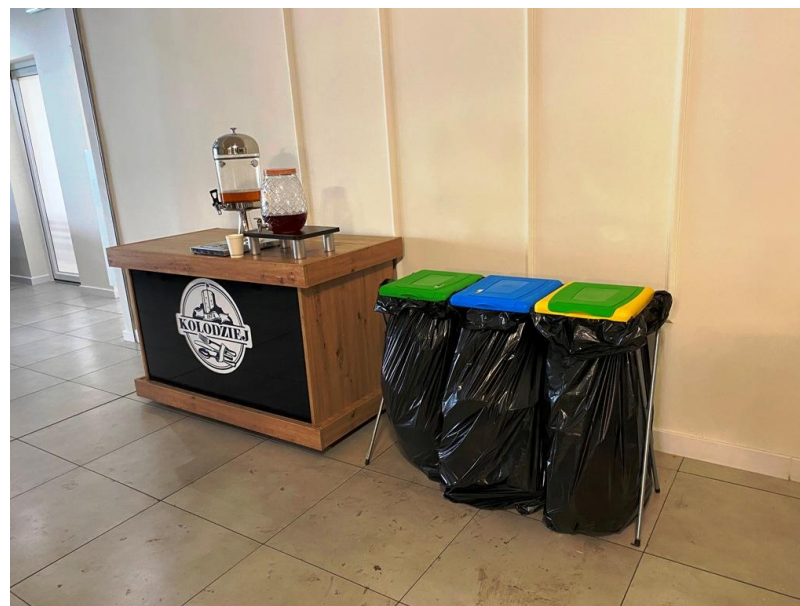

TRANSPORT

- Bike stands available at the venue
- Cycle paths at the venue and along the lake

WASTE MANAGEMENT

- The restaurant use the policy of seperating waste and reducing food waste
- When organizing such a big event suppliers are asked to use large containers and minimalize packaging

WASTE MANAGEMENT

- Beata provides restaurants with the exact numbers of meals needed in order to avoid unnecessary food waste.
- According to the contract with the Mayor's office the bins are emptied every day before the opening of the venue

EUROPEAN ROWING UNDER 19 CHAMPIONSHIPS 24-25.05.2025 KRUSZWICA

Smoking is banned at the whole venue.

RESOURCE MANAGEMENT

- Certified suppliers have priority when choosing their spot at the venue
- We encourage the purchase of PET bottled water
- Tap water at the venue is good to drink

To make moving around the venue and regatta course faster and more efficient OC members use electric scooters and bicycles.

There are trash containers located next to the teams tents to keep the area nice and clean

The whole regatta course is located in the area protected by "Nature 2000 Project". Wild ducks and geese can walk freely around the course. No spraying is allowed in order to protect the ducks' inhabitants. The boats can only be washed in lake water with no additional cleaning products.

The club organizes intergation meetings for athletes, their families and locals to promote sport and the region.

We can't wait
to host You
again!
